Our CIT's are a very important part of our camp. We could not operate without special young people volunteering their time. You will be given 50 hours of Community Service for your two- week session with us.

Please remember that you are no longer a camper, but a part of our staff. We expect that you will always be on time, be respectful to our campers, their parents and to all members of the University community.

Being a CIT is a wonderful way to gain insight into the working world and for most of you, this may be your first job. We expect that you will take this responsibility seriously and live up to the reputation of the camp and the University of Waterloo.
